STANLEY STICK HOCKEY ASSOCIATION

2020-21 Season Planning Survey Results

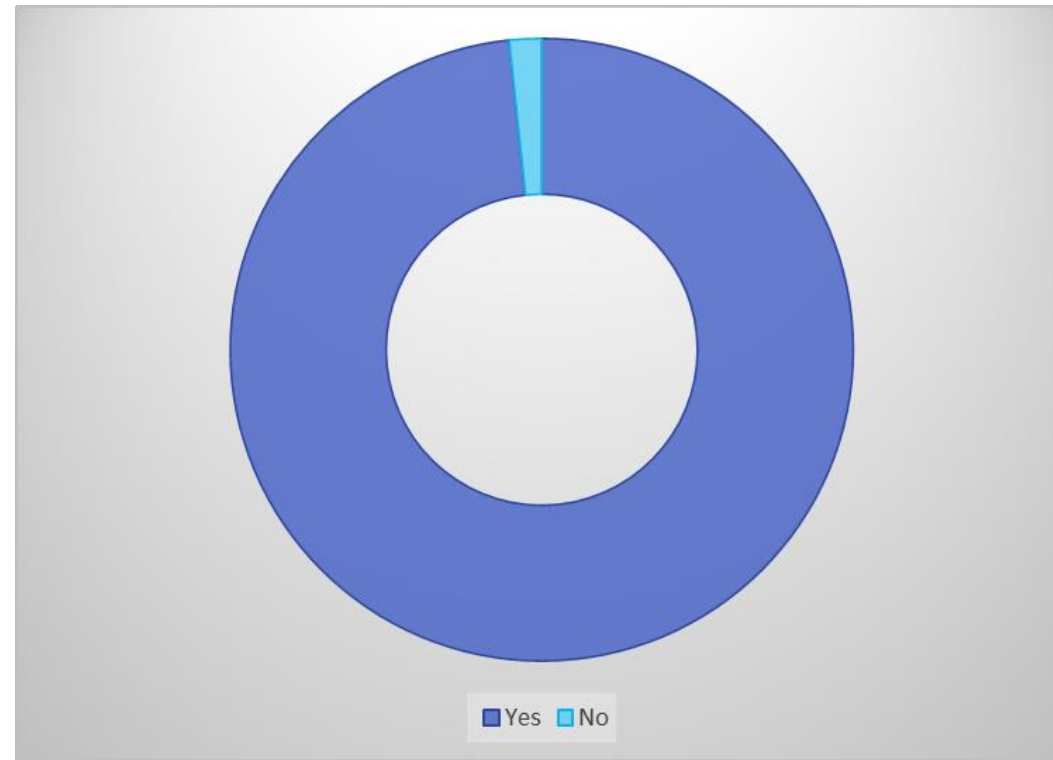

1. Which division does your child(ren) play in?

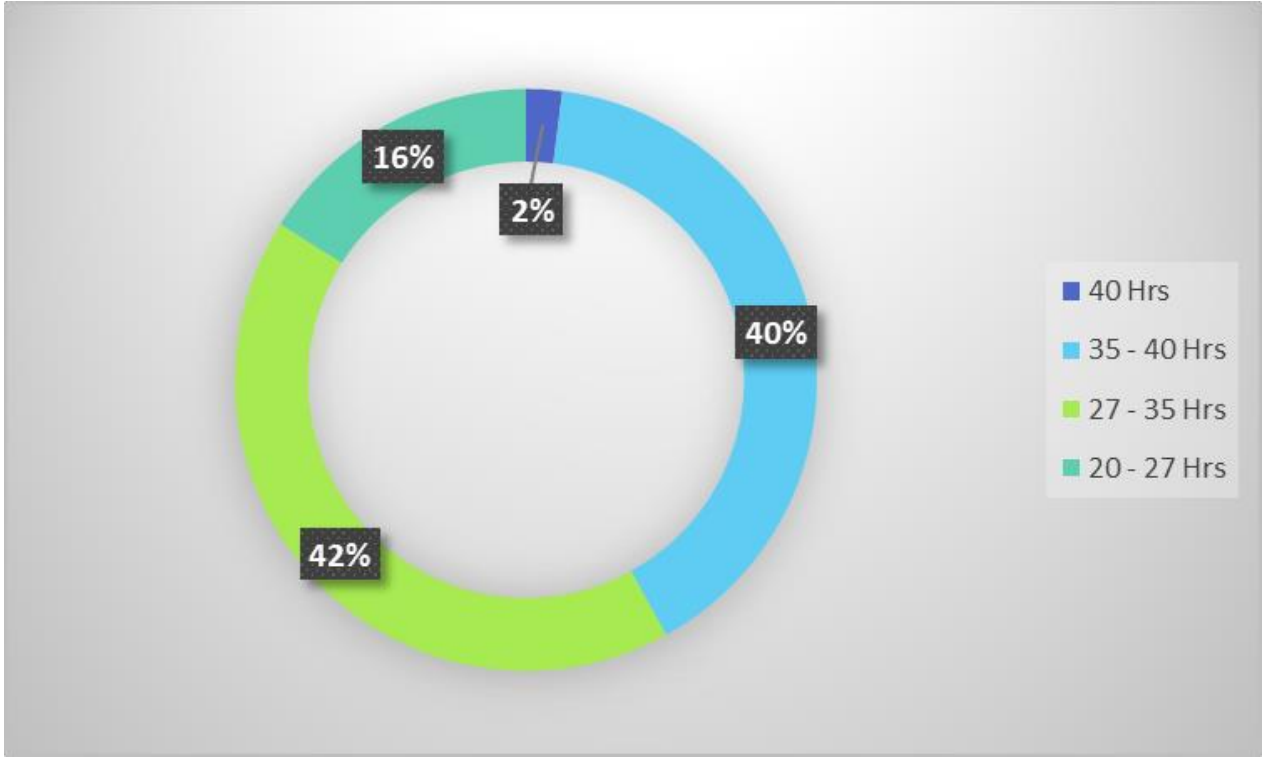

2. Understanding that we don't have all the information as yet, how likely are you to play in the 2020-21 season?

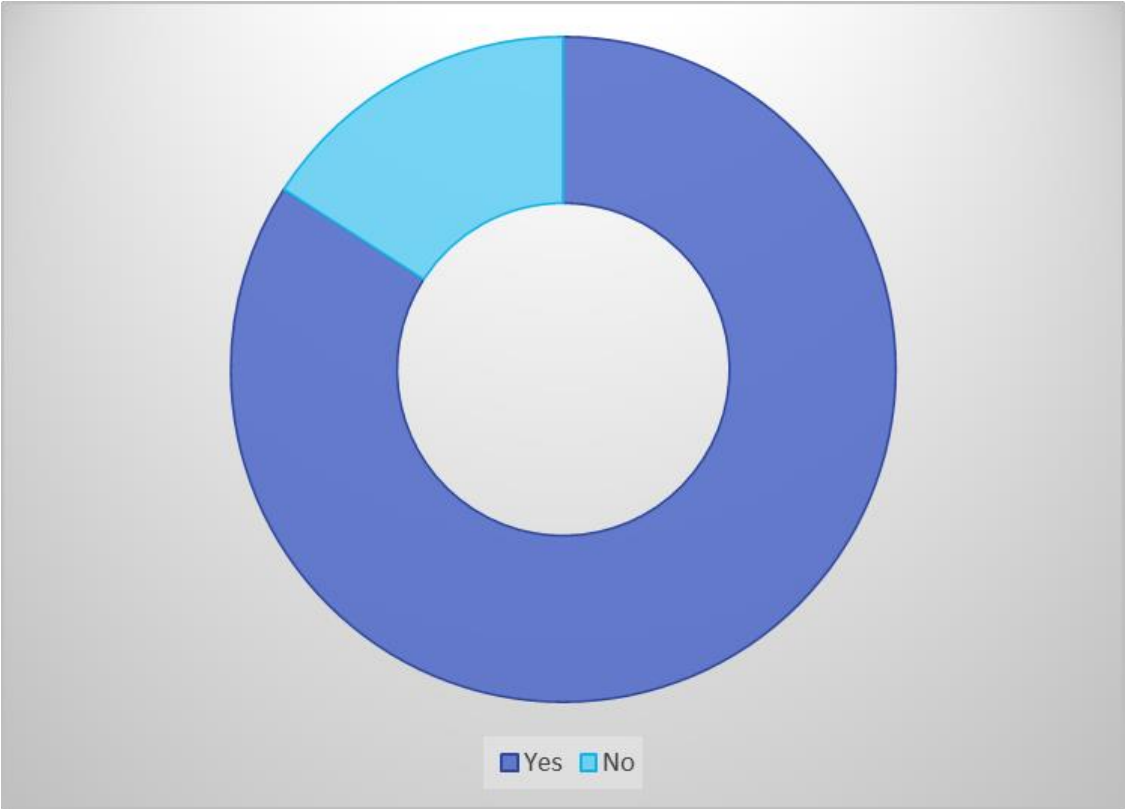

3. If we have a late start to the season and/or the season is shorter than normal would you remain registered in SSHA?

4. What level of ice time you are willing to accept based on the fee already paid?

5. Would you still be interested in participating if regular game play was delayed or reduced?

6. Would limits on the number of parents/family members able to enter the arena have a significant impact on your decision to participate?
